Lyon, Monday, December 13th 2021

Dear Sir, dear Madame,

Office des Sports de Lyon, non-profit association that gathers around 300 sports clubs in Lyon, and all its members, are proud and delighted to express their wholehearted support for LYON 2025 bid for organizing and hosting the EuroGames 2025.

We believe that this bid and these games in 2025 will contribute to advance the principles of respect, personal best, participation and solidarity – principles that are absolutely ours. We do believe that EuroGames 2025 in LYON, France will be a strong way to fight against homophobia and to better the inclusion of LGBT people in society and in sports – both in France and the whole world.

Our sport organization is ready to contribute to those games, either by helping organizing competitions, or promoting the event to its members and affiliates, or enrolling volunteers or any other means.

Our strong network in the sport community in Lyon and previous experience in coordinating events involving multiple sports clubs will be put to good use with the Eurogames. We are happy to work alongside Cargo, the FSGL and Ville de Lyon to make sure this project is a great success and leaves a sustainable impact on our clubs and inhabitants, towards more knowledge and inclusivity of the LGBT+ community.

Yours sincerely,

For ***Office des Sports de Lyon***
